Experience

Techvor

June 2024 – August 2024

ReactJS Developer Summer Intern

Lahore, Punjab

- Assist in the development and maintenance of web applications using React.js.
- Collaborate with the development team to design and implement new features.
- Participate in code reviews and contribute to our development best practices.
- Troubleshoot and debug issues to improve application performance.

TIERS Limited

June 2024 – August 2024

Full Stack Software Engineer Intern

Lahore, Punjab

- Development of single-page applications using ReactJS.
- Development of REST API in Node.JS using Express.
- Integration of MongoDB as a NoSQL database for scalable and high-performance applications.
- Development of server-side logic and database integration using Node.js.
- Design and implementation of SQL databases for structured data storage and retrieval.

Technogency

June 2023 – August 2023

Frontend Developer Summer Intern

Lahore, Punjab

- Development of Web Applications using HTML5, CSS3, Bootstrap, and JavaScript.
- Development of CMS-based applications using WordPress (Elementor).
- Development of animations using JQuery and CSS3.
- Development of responsive websites using MediaQuery, Bootstrap and CSS flexbox.

Projects

Ethos Education | WordPress, Elementor, HTML, CSS

September 2023

- Developed a website for Ethos Education, a Canadian educational institution. Resulted in a significant 20 percent increase in user satisfaction.
- Focused on improving user interaction through intuitive design elements. Implemented features like a contact form, and blog posts section etc.
- Implemented responsive design for optimal viewing on various devices. Optimized the website for search engines (SEO) to improve visibility.
- These improvements resulted in a notable 15 percent increase in the time users spent on the site.

UIdeax Website | ReactJS, HTML, CSS

March 2024

- Developed and launched UIdeax (a Pakistani startup) website from the ground up with a focus on user experience and accessibility.
- Resulted in expanded online reach for UIdeax, enabling them to connect with a broader spectrum of users and effectively showcase their offerings to potential clients and customers.

Examination Result Management System | ReactJS, ExpressJS, NodeJS, MongoDB

May 2024

- Developed a comprehensive database project for an academic institution, encompassing modules for student management, teacher, course and administration, result analysis, and fee management.
- Designed and implemented a relational database schema that can handle 1000+ students' data and efficiently store and manage complex academic data, enabling tracking of student progress, exam results, and attendance records.
